About This Game

Introduction:

Triple otakus puzzle is Japanese Ecchi style puzzle game project. It contains different puzzle games where used images include sexual anime and etchi style content

Features:

- 3 GAMEMODES

Match 3 Etchi Puzzle:

- 15 levels where target to arrange and match 3 or more of the same tile to succeed. You get points and stars. 3 Stars in level are maximum if you achieve target score. In every level there are 15 moves to use and some levels are easy some hard

Memory etchi puzzle:

There is 4 different levels: 8,12,16 and 20 cards containing levels

If the cards turned face up are the same (a pair) you win and the pair disappears from the game otherwise the cards are automatically turned face down and you need to make a new try. After the game you get result. Poor is one star and excellent is 3 stars. Card images contain some nudity

Jigsaw etchi puzzle:

contain jigsaws which theme are etchi images. There are number of images that you can choose (4 for now)
There are 6 different puzzle sizes. More smaller pieces , more difficult it is. While playing you can also watch that which kind
fully solved jigsaw is

PLANNED FEATURES:

- Possible Achievements

- Possible trading cards
